M438 - BUTTON - CARBON DIES - Sutton Tools

Sutton Tools Button Dies are used for cutting a new male/external thread on pipes or pipe fittings. Carbon Alloy Steel threading tools are not suitable for precision, safety or critical thread. General purpose / DIY use only. Used with suitable button die holder.

Features:

- Solid round die fits into adjustable guide or plain die stock handle
- Cutting teeth provide a general purpose thread
- Made from Carbon Steel
- Bright finish for general purpose applications, non-ferrous metals & plastics
